

# Word Trip

**Note to Teachers:** This game is a great way to get kids practicing the skills you've been teaching during intervention time. During the game, K-3 students will go on a trip mastering word blends. While the students are still with you, explain to them how to play this game by following the directions below.

**Game Objective:** Move your game piece by writing down words from different word families. Fill up your backpack to travel quickly!

## How to Play:

1. Place your piece on Start.
2. Think of 1, 2, or 3 words that end in the word family on that space.
3. Write your words in the backpack on your piece of paper.
4. Move your game piece as follows:
  - 1 word = 1 space
  - 2 words = 2 spaces
  - 3 words = 3 spaces
5. On your next turn, think of words from the word family on your new space. Write them on the next line in your backpack. Move ahead 1, 2, or 3 spaces.
6. Keep playing until you reach the end of your trip OR until you fill all the lines of your backpack.

## Materials:

- 2 Game Pieces (use small toys or coins)
- 2 Backpack Recording Sheets
- 2 Pencils
- Gameboard
- A partner\*
- Optional: An alphabet chart or consonant blend chart to help you think of how words could start

\*If you don't have someone to play with, choose a stuffed animal to be your partner. Help your animal play!
